

The Weekly Ledger

Entered at the P. O. Mexico, Mo., and admitted as 2nd class matter.

KANSAS RE-INDORSES

PROHIBITION. EVERY day we hear remarks regarding prohibition in Kansas; either to the effect that it does not prohibit, or that it is not popular, or that it is causing the State. Really the people who live in Kansas ought to be the best judges of this matter, and the following from the Kansas City Star shows the attitude of the people of that State on this question very clearly:

"In the recent campaign this paper received hundreds of letters from its readers from Virginia to Oregon and Washington, asking The Star for information as to the 'failure' of prohibition in Kansas. The saloon interests had flooded every State, especially where prohibition was the issue, with literature to prove that Kansas was in a deplorable condition as a result of prohibition.

"The answer to the whisky ring is to be found in the election returns from Kansas. The saloon interests made a hard fight in Kansas under conditions that were ideal for their purpose, for re-submission of the prohibition law.

"There were six candidates for governor on the Kansas ballot. Every candidate except the candidate of the re-submissionists was pledged to prohibition. Other issues divided the followers of all the 'dry' candidates but the re-submissionists were united upon their candidate. The names of the candidates were on the new Massachusetts ballot, so that no party ticket could hide the issue from the view of any voter in the State who desired to vote for a return to the open saloon. The issue was clearly understood by every citizen of Kansas.

"Nearly six hundred thousand votes were polled in the State. It was the highest vote ever polled, and the most representative. If ever the re-submissionists hoped for a showing against prohibition in that State, they had their chance this year.

"The result was that out of the six hundred thousand votes polled, the re-submission candidate received about fifty thousand. One citizen in every twelve in Kansas voted for re-submission.

"The statement was made by The Star during the campaign, in answer to many of the letters received, that not more than one voter in every seven in Kansas favored a return of the saloon. Even this paper underestimated the strength of prohibition in Kansas.

"Kansas has made a thorough test of prohibition. It has won the fight against the whisky ring, and it is so well pleased with the result that nothing more will be heard of re-submission in that State. That should be sufficient answer for every intelligent citizen in the country anywhere, to the slanders of the saloon keepers against Kansas."

FOR nearly forty years the Mexico Ledger has co-operated with the citizens in raising a Christmas fund to be expended by committees from all the churches, among the needy. Our people have gladly contributed to this fund, and are very much pleased with the manner of its distribution. The Ledger has always cordially participated and done what it could in its capacity as a public servant, and not for the purpose of self-exploitation. The Ledger's record for nearly forty years speaks for itself.

The ministers of Mexico who are familiar with the local charity conditions as no other men are, endorse the plan of distributing the Good Fellowship Fund as in the past, that is, through committees appointed from various churches and suggest that the Ledger start a fund for this purpose as usual. This committee will be appointed immediately and elect a treasurer with whom all funds should be deposited. It is probable that the committee will open headquarters in the City Hall soon, to receive donations of clothing, toys, and eatables. Mayor J. W. Dry is in thorough accord with the movement and will render all the aid possible.

THE Christmas charity fund being raised by the people of Mexico to be expended by a committee from all the churches is not a Mexico Ledger fund. It is a fund of the people and is being raised by the liberal-minded public-spirited citizens of Mexico, who want the needy to be looked after during the holidays, and want this work done by a committee from the churches as usual. The Ledger is simply assisting in this matter as it always tries to do when any question for the good of the community is before the people.

The fund this year was not even "started" by the Ledger, but by a friend who handed us \$10 and said, "I want my donations for charity to be handled by an organization representing the churches, and not by some individual. I believe public charity should be handled 'personally' by some self-appointed individual, but by a committee appointed by the churches who are always in closest touch with the needy."

THE MEXICO LEDGER believes with the hearty co-operation of the physicians of this city that the hospital can be made a permanent institution if our people contribute cordially and liberally. One hundred people are asked to give \$20 each for this institution next year. This money is to be raised now, and should have the right of way. The business of the last year is being closed up and if the Hospital is to be maintained, definite results must be obtained at once.

THE Good Fellows will not only make a contribution for the Christmas entertainment fund, but will subscribe to the hospital maintenance fund for next year.

SPEAKER CLARK will be re-elected by acclamation.

WE notice from the Post-Dispatch of St. Louis that a movement is on foot to have the next legislature pass a Ward Option Law. In this way each ward of St. Louis could shut out saloons if the desire, referring to this law, the Post-Dispatch editorially says: "Liquor interests in St. Louis were greatly concerned today over the announcement of the Anti-Saloon League, published exclusively in late editions of the Post-Dispatch recently, that the league had a sufficient number of votes pledged in the next Legislature to pass a bill providing for precinct and ward option in St. Louis. The proposed bill was discussed in saloons and among brewers, who said it would close a large number of saloons in the city and would make big districts in the city dry. The proposed bill had kept careful that each precinct or each ward in the city may vote on whether saloons shall be permitted in the precinct or ward. The Rev. W. C. Shupp, superintendent of the Missouri Anti-Saloon League, told a Post-Dispatch reporter the league had kept careful that on every candidate for the Legislature, and that there will be 94 of the 142 members of the House of Representatives, and 19 of the 34 members of the Senate, who will vote for prohibition, or local option measure presented. He said the country members of the Legislature were incensed over the heavy St. Louis vote last election against the county unit bill, which would not have affected St. Louis, and that they were ready to vote for any bill which would lessen the number of saloons or the sale of liquor in St. Louis."

THE LEDGER has been asked several times today what difference there is between the two "Good Fellowship Funds" being subscribed in Mexico for the needy at Christmas. We did not suppose there was any difference; there never has been. It has been announced by the editor of the other paper that he is going to appoint a committee of his own to distribute the fund that he raises. He also stated today that he has now offered this fund to the Elks to assist in their entertainment if they need it. We do not know anything further regarding the matter. The fund subscribed through the Ledger will be turned over to the treasurer of the committee appointed by the churches, and will be distributed by that committee as has been the custom heretofore. Those who want their Christmas subscription to charity handled by this committee can make their subscription to any member of the committee or through the Ledger.

THE Mexico Elks have arranged for a Christmas entertainment of their own, which will be first-class in every particular, as are all of the stunts put on by the Elks. This entertainment has nothing to do with the Good Fellowship Fund raised annually in Mexico to be expended for the poor by a committee from each of the Mexico churches, appointed by the pastor. This fund will be raised as usual, and will be expended as usual. The Christmas festivities this year promise to be most delightful, and we understand that the choral singers will visit the various homes for the benefit of the Hospital on Christmas Eve; and we would suggest that after they complete their tour of the residence section that they meet with the Elks and in one large chorus sing the carols for the guests. This idea has been quite popular in other cities.

What's the Idea? At the Commercial Club's weekly luncheon Friday, on motion of L. M. White, a vote of thanks was extended to Chapin and Love, of the St. Louis Republic for their recent exploitation of the Mexico Round Up—Mexico Intelligence.

THE motion which was unanimous ly adopted at the Commercial Club dinner Friday, Nov. 20th, thanking the Republic for sending Chapin and Love to Mexico to write up "the big Round Up Week" was made by W. W. Pollock, president of the North Missouri Trust Company, and promptly seconded by R. E. Race and everybody else in the room.

THE LEDGER regrets to announce the death of Stephen Bertels of Martinsburg, one of Audrain County's earliest settlers and most highly respected and sturdy citizens. The Bertels family is among Audrain's most influential, and the Ledger joins other friends in extending sincere sympathy.

THE Louisiana Press-Journal editorially says: "An editor sold his paper the other day to another editor who says in his salutation that he will make the paper better than ever. We all say that at first before we know as much of what we think we know so little of what is to be known but never gets 'known.'"

RECORDED-ELECT J. W. STEPHENS is now at work in the Recorder's Office with Recorder Whitney and is getting broken in so that he can take charge the first day of January. Mr. Stephens promises to make a most efficient officer.

THE LEDGER joins all the people of this community in extending cordial congratulations to Presiding County Judge Alex Carter and wife who were married in Mexico, Saturday, Nov. 21st. Mr. and Mrs. Carter are two of Audrain's most highly esteemed citizens.

EVERYBODY should subscribe for the Hospital fund before they take up any other proposition, if they want the institution made permanent.

STATE AUDITOR GORDON announces he is not going to be a candidate for governor in 1916, but will be a candidate for re-election to the office of State Auditor.

BEGIN doing your Christmas shopping at once.

MAKE your subscription to the Hospital Fund and make it today.

A LOT of men are unable to recognize good luck when they meet it.

JUST now the happiest countries are those that have gone in least for glory.

THE LEDGER joins the people of this community in extending sincere sympathy to E. H. Carter on the loss of his home and furniture by fire on Sunday night.

EVERY Mexico Elk should cordially assist in making the Mexico Elk Christmas entertainment a success. That's the way to make the "kiddies" have a happy and merry Christmas.

LEADERS of the Suffragist cause say their fight in New York is won but meantime they are taking nothing for granted and are fighting every inch of the way, which shows that they have a good idea as to the way victories are won.

THE revenue officers are raiding illegal creameries that are being operated at St. Louis and throughout the country. The making of moonshine oleo-butter will not prove much more profitable than bootlegging.

THE Kansas City Times editorially says: "If any considerable group of gentlemen should be planning to take advantage of the present breath of spell to try to put something over on the public, it's a safe bet that they will find the President on the job, as usual."

THERE was an unusually large crowd of farmers in Mexico Saturday, and our merchants enjoyed a splendid trade. One good corn crop would make this part of the country more prosperous than it ever has been before.

THE Kansas City Times editorially says: "An endorsement of the Ten Commandments would have been defeated at the last election if submitted to a vote of the people," says State Senator Anderson Craig of Missouri. That seems a safe inference from what happens to the Decalogue between elections."

HORSES and mules valued at \$2,499,000 have been shipped from the National Stock Yards at East St. Louis to the French and British Governments since the war began. Apparently the prophecies regarding the "elimination of the horse" by the motor-car did not refer to war conditions.

THE Louisiana, Mo. Press-Journal: "Bishop Tuttle says that although he is a Republican he has faith in President Wilson and his administration. The good bishop ought to inject his faith into some of his republican friends. They can't sleep of nights for thinking that the country is going to wreck and ruin."

IF the Germans have lost 1,250,000 men in killed, wounded and missing, as estimated, they have lost the equivalent of the total male population of New Hampshire, Vermont, Rhode Island and Connecticut. And even this, assuming a proportionate loss by the allies and counting in Austria's losses is only a part of the staggering story of modern war carnage.

IT seems queer that the newspapers of Mexico can't cooperate even when it comes to raising money for public charity. However much the papers may disagree regarding other matters, whenever it comes to a question of a public enterprise—more especially to a public charity proposition, there is no excuse for the papers and citizens generally not co-operating loyally and cordially "with malice toward none, and charity for all."

THE MEXICO LEDGER is glad to know that the Elks' committee on Christmas entertainment is arranging with the teachers of the schools to secure names of children who likely will not have a Christmas entertainment at home. This is a splendid movement on the part of the Elks and should have the co-operation of all the teachers. The little folks should all be looked after, especially during the holidays.

IN order to make the Mexico Hospital a permanent institution, \$2000 must be subscribed for a maintenance fund for the ensuing year. The idea is to have a hundred citizens subscribe \$20 apiece. This proposition should be cleaned up before any other enterprise is undertaken. The matter is simply up to a show-down. It is a charity proposition, and must have the cordial and hearty support of those interested. The management serves without any pay, and devotes considerable time to the enterprise, and should not be expected to carry the entire burden. Do your part now.

WE are glad to learn that not only the physicians of Mexico, but of Audrain County are all waking up to the importance of the Mexico Hospital. They are arranging now to pass resolutions endorsing this institution, and we understand that every doctor in the county is going to make a liberal subscription toward the Hospital right away. This means that the doctors are doing their part, and that our people generally who are interested as well as the doctors in the success of this institution should immediately come forward and make good. This is Mexico's most worthy and popular charity, and should not be allowed to close, especially when it takes such a small amount of money to keep it going. Mexico is proud of its Hospital, but must be careful to remember "Pride goeth before a fall." Let the physicians get busy right away. Let everybody interested get busy right away. The year closes in a few days, and there are seven patients in the institution at this time. The Hospital must not only have the financial support of all the physicians but must have their cordial, moral support.

E. H. CARTER'S COUNTRY HOME BURNED DOWN

Fire Discovered About Three O'clock Monday Morning, after Gaining Great Headway

NARROW ESCAPE FOR FAMILY

Very Little Furniture Was Saved and the Property Was Only Partially Insured

E. H. Carter's fine country home, four miles northwest of this city was destroyed by fire about 3 o'clock, Monday morning. The fire was beyond control when discovered and the family was forced to flee in their nightclothes. Only a few pieces of furniture were saved. The fire is thought to have started from a defective fuse. Mr. Carter who was in town Monday, stated the house is a total loss, partially covered by insurance.

"We had a fire in the kitchen for supper and one in the dining room until about 11 o'clock," he said. "About 3 o'clock we were awakened by the smoke and found the roof in the rear of the house and the dining room and kitchen in flames. We scarcely had time to get out ourselves, much less take any furniture with us. We saved only a dresser, a chiffonier, several chairs, and the clothes we had on our backs."

The rear of the house was old, but the front was new, having been built only a short time. Mr. Carter has made no estimate of his loss.

Stone's Expenses \$2,175. Jefferson City, Mo., Nov. 23.—United States Senator William J. Stone filed a statement of his campaign expenses recently with County Recorder R. C. Berry. In all he spent \$2,175.08.

Of this sum, \$450 was given to the Democratic State Committee. In July he expended \$777.88 for printing, postage, clerical help, telephoning and telegraphing. In his August expenses is a similar group of items, amounting for \$470.

ST. CHARLES VICTORIOUS St. Charles Military Academy, aided by the referee and head-linesman, defeated the Missouri Military Academy boys, at St. Charles, Saturday, in a hard-fought battle. The score was 14-13, the failure of M. M. A. to kick goal from a bad angle giving the game to S. C. M. A.

The Mexico boys entered the game badly handicapped by injuries to several of their best players, but every one of them put up a terrific fight, notwithstanding. The officials must have pretty "rank" as several outsiders remarked on their decisions and stated the visitors were playing against unbeatable odds. Skip Turner, Lewis, Dee Johnson and Kruger starred for M. M. A.

The St. Charles boys are coming to Mexico, Thanksgiving Day, for a return game and the local boys expect to defeat them—by fair means, however. The game Thursday should be a good one as both teams will be playing for "blood."

Miss Mary Clark has returned to her home in Topeka, Kan., after a month's visit with Miss Margaret Cunningham.

D. B. Simcoe, assistant physician in Hospital No. 3 in Nevada, who was well known in Mexico died last Saturday.

Mrs. I. J. Head and son have returned to their home in Centralia after a visit with Mrs. Head's sisters, Misses Karnes, in this city.

Mrs. S. J. Barick, who spent the summer with her daughter, Mrs. Geo. Gallop, has gone to Kansas City, for a short visit and from there will go to her home in Hugo, Okla.

Minister and Mrs. Orser Have Son. Dr. and Mrs. K. R. Bragg have received word from LaPaz, Bolivia, that a son has been born to Mr. and Mrs. John D. O'Brien. Mother and baby are both getting along nicely and the American Minister to Bolivia is delighted with his new arrival.

Have You Paid Your War Tax? The war tax applies to the following trades in the following amounts: Brokers, \$30. Pawn brokers, \$50. Commercial brokers, \$20. Proprietors of theaters, museums, picture shows or concert halls, \$25 to \$100. Proprietors of circuses, \$100. Proprietors or agents of public exhibitions not otherwise enumerated, \$10. Commission merchants, \$20. Dealers in least tobacco, \$5 to \$24. Dealers in tobacco or cigars or cigarettes, \$5 to \$24. Manufacturers of tobacco, \$5 to \$24.40. Manufacturers of cigars, \$3 to \$2.40. Manufacturers of cigarettes, \$12 to \$2.40. Proprietors of bowling alleys or billiard rooms, \$5 a table or alley.

WANTED! Beef hides, horse hides and furs. Highest cash price. SAM MORRIS Near Hitch Lot.

Jeese Wilkerson, a Sedalia youth, last week broke one of his legs for the thirty-seventh time. The bones in one of his limbs are very brittle and break as though they were made of glass.

After being tried four times on a charge of picking a man's pocket, and serving 18 months in jail, Jos. Durkin was acquitted in the Macon county court last week.

WILL ATTEND STATE Y. M. C. A. MEETING

Four Young Men From Mexico Will Attend Meeting of Young Men's Organization

THREE HIGH SCHOOL BOYS

Mexico Should Have Strong Branch Young Men's Christian Association With Building

Four young men from Mexico, three of them high school boys, will attend the State meeting of the Young Men's Christian Association at Cameron this week. The expenses of these young men will be paid by the Sunday School they represent.

Leo Ritter, representing the Christian Church, will go as adult leader. The other boys, who are students at the High School and who were chosen by Supt. Herbert Pryor and Principal Street are Archie Rodgers, Jesse Gibbs and Charles Myers.

A local branch of the Young Men's Christian Association was organized in McMillan High School two years ago, but interest has waned a great deal and the Mexico boys attending the meeting at Cameron are expected to bring back a number of good ideas to create a new enthusiasm for the organization.

Mr. Pryor hopes to build up a strong organization in the High School as a step toward a larger branch in the town. Mexico should have a strong branch of the Young Men's Christian Association with a good building and steps toward this end will be taken.

"TOBY" GRAVES DID IT Montgomery City Boy Booted Missouri to Victory Saturday.

"Toby" Graves, of Montgomery City, well known in Mexico, is the man who booted Missouri to victory over the Jayhawkers on McCook's Field at Lawrence Saturday. The final score was 10-7. This is the first time either team has won on the other's gridiron. Each team scored one touchdown and the place kick by Graves from the 34-yard line in the last quarter saved the day.

Graves began his football career several years ago, with Montgomery City High School and played against McMillan High School and Missouri Academy in this city on various occasions. He was a splendid football player in his high school days, and has developed into one of the very best backs in the Missouri Valley Conference.

Pointers for Women. Almost every woman who has raised a family will remember instances where she has prevented sickness by having the right medicine at hand ready for instant use when needed. A common cold can be cured much more quickly when properly treated as soon as the cold has been contracted instead of waiting until it has become settled in the system. You will find Chamberlain's Cough Remedy especially efficacious in cases of colds and croup in children. When given as soon as the child becomes hoarse, which is the first symptom of croup, it will prevent the attack. For sale by all dealers, adv.

LIQUOR INTERESTS MILLSTONE Of Interest to Mexico Readers.

For months Mexico citizens have been seen in these columns enthusiastic praise of Doan's Kidney Pills by Mexico residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Mexico reader.

Mrs. John Reeds, 1104 W. Harwood street, Mexico, Mo., says: "The statement I gave some time ago, recommending Doan's Kidney Pills holds good. The cure they have been permanent. I gladly give Doan's Kidney Pills the endorsement they deserve."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reeds had. Foster-Milburn Co., Props., Buffalo, N. Y.

What the Callao Journal believes is the only floating sawmill in the world has been installed on a barge in the Chariton river. The Chariton runs through some well wooded land and the mill will supply "handle blanks" for a Callao factory.

Get Rid of That Miserable Feeling. You may learn something from the experience of Mrs. William F. Route, 1104 N. Y., who was sick for a long time from a badly disordered stomach. "I felt miserable all of the time," she writes. "I was tired and had no appetite. A friend advised me to take Chamberlain's Tablets. I did so and my appetite improved and I gained rapidly in health." For sale by all dealers, adv.

Crap-Shooters Fined. Four negroes were fined \$27.50 each in the Police Court, Monday, by Judge Williams for "playing at a game of chance, commonly called 'craps.'" Chief of Police Sam Wallace arrested them Sunday. Constable Churchill Kennan also arrested several boys on the charge of "shooting craps," Sunday, but they have not been tried.

Walking to Frisco. A young married couple and a 3-year-old baby passed through this city Monday "hiking" to San Francisco from Dayton, O. They wheeled the baby in a small buggy and their belongings were hauled in a small wagon by the husband and a faithful dog. They make 22 miles a day.

Chamberlain's Cough Remedy. Mrs. Levi Franklin, of Booneville, N. Y., says: "I am pleased to say that Chamberlain's Cough Remedy was used by my son about two years ago and it proved to be very beneficial in relieving hoarseness and curing a cold. It has also been used by other members of my family and we have a very high opinion of it. For sale by all dealers, adv."

COUNTY SCHOOL NOTES

By W. Clyde Johnson, County School Supt.

The past week "Farmer" Runk and I visited a number of schools and talked to parents and children about better equipment, more homelike buildings; also about boys' girls' and parents' clubs.

Miss Percie Fuhrer at Lawder had the building well decorated with exhibit work of the pupils. She also had prepared a very interesting program. Some of the girls and their mothers had cooked a fine dinner. Miss Fuhrer is an enthusiastic and earnest worker.

At Chapel Grove we were welcomed by Miss Elsie Brown and a number of her patrons. She also had a good display of school work.

Miss Blanche Taylor at Caithern had interested her pupils in making some good corn, farm and vegetable exhibits, besides others of school work. The house was well filled with patrons. They had brought well-filled baskets and we enjoyed very much with them the noon hour.

A few of G. D. Crandall's patrons met with us at Cornett, and made us feel that they enjoyed our visit with them.

Wednesday night we met with the Hickory Grove people. There was a good attendance and we had a very interesting meeting.

The next morning at Crow, Miss Goldie Quinn teacher, we had our largest meeting. There was a large collection of farm products, and good school work. The good people of the community are greatly interested in a first-class school, but a few of the levy to buy a heating plant, but a few well meaning persons who did not clearly understand the proposition voted it down. I am very sorry that they were not present to freeze with the children, and then go to Pleasant Plains or Boyd where they have new heaters, and see how valuable they are.

The dinner served by these good people, like their hospitality, was fully enjoyed for an hour, and it could not be surpassed.

At Carter in the afternoon and at Boyd and Prairie Mound the next day no patrons were present. W. C. Leavelle at Boyd had prepared an exhibit some time before. It was good. In spite of the intense cold a few men met with us at Pleasant Plains Thursday night. Friday night Miss Mattie Fields at Ringo gave a short but interesting program to a full house.

It was her purpose to organize a club or society, that the young people and others who wished might have some place to go and be entertained. The society was organized with Mr. Settle president. They expect to meet every Friday night.

I think the teachers, pupils and parents are taking great interest in the Club, and I believe that we shall soon have a large number organized in the county. It is certainly very practical and also very interesting. Parents, if you want your boys and girls to take more interest in their school work and also in the farm, encourage them to join one or more of these clubs.

I wish to report one more rural teacher who went to St. Joseph to the State Teachers' Association. She is Miss Sarah Culbertson of the Sneed school. This makes a total of ten. A good representation from Audrain.

CORROBORATION Of Interest to Mexico Readers.

VOTE ON AMENDMENTS

The official vote on the amendments was announced Thursday and the one for amending the blind ran first, being defeated by 40,000 votes. Equal Suffrage was defeated by 140,208 votes. Twenty-six counties favored the County Unit and it was defeated by 135,000 votes of which St. Louis returned 77,849 against.

The full crew law was defeated by 164,000.

Twenty-six counties voted for the adoption of the county unit law as follows: Atchison, Carroll, Clay, Clinton, Davies, Dunklin, Grundy, Harrison, Holt, Howard, Jasper, Linn, Livingston, Mercer, New Madrid, Newton, Nodaway, Pemiscot, Pike, Ray, Reynolds, St. Francois, Stoddard, Stone, Worth and Wright.

At Chapel Grove we were welcomed by Miss Elsie Brown and a number of her patrons. She also had a good display of school work.

Miss Blanche Taylor at Caithern had interested her pupils in making some good corn, farm and vegetable exhibits, besides others of school work. The house was well filled with patrons. They had brought well-filled baskets and we enjoyed very much with them the noon hour.
